

Shumen Foreign Language High School Nicola Jonkov Vaptsarov

About us

Shumen Foreign Language High School Nicola Jonkov Vaptsarov is one of the first schools in Bulgaria associated with UNESCO .

It serves the educational needs of 730 students annually. Fifty-six highly qualified teachers give intensive training in English, German, French and Russian languages as first and second foreign languages to students of grade 8 to 12. Other specialized courses are given to students of grade 11 in Mathematics and free-choice courses to students of grade 12.

The Shumen Foreign Language High School Nicola Jonkov Vaptsarov has established a partnership with the German

Schulen: Partner der Zukunft"

Our students are given the opportunity to develop and show their skills and knowledge in other extracurricular activities like clubs, projects and free courses in French and German languages ,IT, mathematics ,health and welfare, arts, journalism and European lessons.

□

Some of the projects which our students work on during the school year include ‘Open mind for active citizenship’, ‘Equality in difference’, ‘Enlighted by one Sun’, ‘Travelling forum’, etc.

It has become a school’s tradition to organize ‘The day of the languages’ and publishing of the ‘6+’ and ‘Euolution’ newspapers as well as holding other charity concerts , carnivals, ‘The day of self-management ‘and ‘The day of open school gates’

□

Our students have become prize-winners in many Olympiads in Bulgarian literature, IT

and other different national competitions. They successfully become holders of different

language certificates which give them the right to study in overseas universities .

Many of them are awarded stipends from different foundations and universities every year.

The greatest pride of the school were the best results achieved at the national matriculation

examination in 2007-2008 and 2008-2009 school years.

The Shumen Foreign Language High School Nicola Jonkov Vaptsarov has also been awarded

The European Language Label at the Evaluation Conference organized by Center of Human Resources held on 18 December 2009 .The label is an award that encourages new initiatives in the field of teaching and learning languages

The project '**Equality in Difference**' carried out under the guidance of the vice-principal of the school **Mrs. Paulina Deseva** was nominated for the highest award in 2009 .
